Product Owner: Sebastian Jaculbe

Scrum Master: Erick Hernandez

📋 Product Backlog – *Pithub*

ID	User Story / Task	Priority (1-10)	Estimate (SP)	Spike (Y/N)	Status	Assigned
RC-001	As a Scrum Team, we want to identify the Sprint 4 Scrum Master and Product Owner so that I can ensure team responsibilities are clearly defined for the sprint,	10	0	Y	Done	Sebastian
RC-002	As a Scrum Master, I want to facilitate Sprint Planning and story commitment so that I can help the team work with focus and alignment.	8	2	Y	In-Progress	Erick
RC-003	As a Product Owner, I want to manage the backlogs and focus on the Minimum Viable Product (MVP) and prioritize stories so that I can deliver value to users by the end of the sprint.	8	2	Y	In-Progress	Sebastian
RC-004	As a developer, I want to implement the API using Node.js so that I can encapsulate the core business logic on the server side.	8	6	Y	Not Started	Kevin
RC-005	As a developer, I want to set up GitHub client and server repositories along with a connected Firebase Static Web App and Node.js servers so that I can deploy and test code collaboratively in the cloud.	8	5	Y	Not Started	Sebastian, Kevin
RC-006	As a client, I want to call a “ping” API to wake the servers on load, ensuring the backend is responsive when needed.	7	2	N	Not Started	Eddy
RC-007	As a developer, I want to write at least one Node.js API and commit to GitHub so that I can contribute to server-side functionality and maintain traceable commits. (one story per team member)	7	3	Y	Not Started	Kevin, Erick

ID	User Story / Task	Priority (1-10)	Estimate (SP)	Spike (Y/N)	Status	Assigned
RC-008	As a user, I want a clean and welcoming home screen with instructions so that I can quickly understand how to use the application.	6	3	N	Not Started	Eddy
RC-009	As a user, I want to see a summary of my inputs before submitting so that I can confirm the information I entered is correct.	6	3	N	Not Started	Eddy
RC-010	As a developer, I want to deploy the client as a Firebase static website so that I can provide users with a fast and accessible frontend.	5	3	Y	Not Started	Sebastian, Kaleb
RC-011	As a developer, I want to remove all unnecessary code from the Node.js servers so that I can improve maintainability and performance.	4	3	Y	Not Started	Erick, Kevin
RC-012	As a user, I want a visually appealing application that utilizes Tailwind to style the interface, allowing me to enjoy a modern and visually pleasing experience.	3	5	N	Not Started	Eddy
RC-013	As a user, I would like the application to run natively on my iPhone so that I can use it while driving.	1	--	N	--	--
RC-014	As a developer, I want to create a GitHub organization and repos for clients and servers so that I can collaborate using centralized version control.	1	2	Y	Done	--
RC-015	As a developer, I want to organize the video files by default as classes, and then there are available filters such as the date and year. Classes > Professor > School Year > Date.	--	--	--	--	--
RC-016	As a developer, I want to create a login page.	--	--	--	--	--
RC-017	As a user, I want to be able to create and login into an account.	--	--	--	--	--
RC-018	As a user, I want to be able to set my videos as public or private.	--	--	--	--	--

ID	User Story / Task	Priority (1-10)	Estimate (SP)	Spike (Y/N)	Status	Assigned
RC-019	AS a developer, I want to implement a Firebase data connect (database server) to host video files	--	--	--	--	--
RC-020	For the frontend, I want to implement React and JavaScript to an aesthetically pleasing interface.	--	--	--	--	--
RC-021	For the backend, I want to implement Node.js and Express server to host the functionalities.	--	--	--	--	--
RC-022	As a developer, I want to verify the security of logins and video files.	--	--	--	--	--
RC-023	As a developer, I want to create an About page with Eric Pogue’s contact for issues.	--	--	--	--	--
RC-024	As a developer, I want to create a terms of usage.	--	--	--	--	--
RC-025	As a developer, I want to create a timeline of what it takes to create a command line to upload a file from the command line interface using GO.	--	--	--	--	--
RC-026	As a Product Owner, coordinate the Product Backlog across product teams.	--	--	--	--	--
RC-027	For each team member, implement development, test, and production CI/CD for the product.	--	--	--	--	--
RC-028	For each team member, update the product "credits" to include themselves.	--	--	--	--	--
RC-029	Schedule support for the Capstone team's Celebration of Scholarship Lite upcoming events.	--	--	--	--	--
RC-030	Create a Class Project Proposal.	--	--	--	--	--
RC-031	As a user, I want to favorite certain videos.	--	--	--	--	--
RC-032	As a user, I would like to commment on videos.	--	--	--	--	--

ID	User Story / Task	Priority (1-10)	Estimate (SP)	Spike (Y/N)	Status	Assigned
RC-033	As a user, I would like to search for videos with a search bar.	--	--	--	--	--
